Subject: MEDIA INQUIRY: KING-5 TV
Date: Thursday, February 02, 2017 5:22:35 PM

Contact: (by email & phone) Bill Dunbar

Reporter/Outlet: Allison Morrow/KING-5 TV

When: 02/02/17

Topic/Question: Is it true that the Navy didn't need a permit from EPA for the hull scraping of the ex-Independence?

Deadline: 2/3/2017

Outcome: I told her that while the Navy didn't need a permit from EPA, the status of the EPA-Navy agreement on this sort of activity is not final, thus Washington's regs are still in play and thus she should request from Ecology the letter they're sending/have sent to the Navy. Allison requested the letter EPA sent to the Navy and I indicated I'd try to track it down tomorrow (Friday) before she does her reporting.

Open/Closed: open

(ENTERED IN TRACKER?) Yes
